Outreach on Dimock Sampling Results: On March 14, 2012, the Pennsylvania Liaison informed the offices of Congressman Marino (R-PA) and Senator Casey (D-PA) that results of the first week of water sampling in Dimock, Pennsylvania, had been provided to residents. These two offices had previously expressed interest in EPA's activities in Dimock. A previously-scheduled March 15, 2012 call with Congressman Marino's staff, was cancelled by the Congressman's office on the morning of March 14. It is anticipated that the data for subsequent weeks of sampling will be provided to residents on a weekly basis. Similar Congressional contacts will be made as data is provided in the coming weeks.
